ABSTRACT

The current issue of the International Planned Parenthood Federation (IPPF) Library Bulletin combines an acquisitions list with that of special bibliographies. The broad classes follow the IPPF general organization by topics: (1) general reference, (2) IPPF, (3) family planning and maternal and child health and care, (4) bio-medical study and research on human reproduction and contraceptive agents, (5) social sciences related to family planning, (6) education and training, (7) information and communication, (8) international organizations and conferences, and (9) countries. The name of the publisher/supplier and price of the book, when known, are supplied for each notation together with a short annotation of the content and/or coverage. An author index with item numbers for cross-referencing and lists of publishers/suppliers and their addresses are appended. (RH)

* Documents acquired by ERIC include many informal unpublished *
* materials not available from other sources. ERIC makes every effort *
* to obtain the best copy available. Nevertheless, items of marginal *
* reproducibility are often encountered and this affects the quality *
* of the microfiche and hardcopy reproductions ERIC makes available *
* via the ERIC Document Reproduction Service (EDRS). EDRS is not *
* responsible for the quality of the original document. Reproductions *
* supplied by EDRS are the best that can be made from the original. *

7. International Organization and Conferences
8. Countries

Those libraries that have adopted the IPPF Population and Family Planning Classification may copy the entries in the Library Bulletin directly on to cards for use in their own catalogues.

The order chosen for the entries in the Library Bulletin follows the physical organization of the collection in the IPPF Central Office Library. Each title included in the Bulletin is cited only once, the form used being that of the main subject entry in the Central Office catalogue. Bulletin readers who wish to use this format in their own catalogue should bear in mind that other subject entries may be necessary.

Advisory Acquisition Programme

In view of the limited resources of many documentation centres and the fact that such a large number of documents are received by IPPF, this service is considered to be in a favourable position to judge the potential usefulness of some material for other documentation services.

We are, therefore, initiating a star system to indicate those books and documents considered important (1 star) and those considered useful and interesting (2 stars). The final decision is of course left to the individual centre, but we hope that this advisory service may help those centres, having only a small budget for the acquisition of materials, to concentrate their efforts on the most important literature.

Country material is only signalled, if the book is thought to be of general value. We have attempted to concentrate particularly on choosing items that could be useful in an education and training situation.

Bibliographies

The loose-leaf presentation of the Library Bulletin makes it a set of bibliographies on the following subjects :-

- . family planning and bio-medical science
- . social sciences related to family planning
- . education and communication in family planning
- . international conferences
- . Africa
- . Americas
- . Asia
- . Europe
- . Middle East
- . Oceania

By pulling out the chapters that interest you and opening the relevant files you will have a set of bibliographies updated quarterly.

Other bibliographies published recently by the Library:-

Bibliography Series No. 26 - Status of Women
No. 28 - Law and Population
No. 29 - Youth

Bibliographies in preparation and available soon:-

Bibliography Series No. 3 - Distribution of Contraceptives
No. 44 - Lactation, Fertility and Contraception

Loan of Books

It is not feasible for IPPF to lend books from the Central Office Library overseas, because of the great risk of loss, damage and delays, and high postal costs involved. Readers of the Library Bulletin may be able to borrow certain books from IPPF libraries situated in the following Regional Offices:-
